The American Association for Thoracic Surgery

View Updated Content on AATS Online
You can now view presentations from the 2020 International Thoracic Surgical Oncology Summit and 2020 Surgical Treatment for Arrhythmias and Rhythm Disorders on AATS Online. Access any of the presentations from the two-day meeting via the button below or go to AATS Online in the top navigation menu on the AATS Web site and select on Presentations from the drop-down menu. You will be prompted to log in and can use the available links if you do not know your user name and password.

To see the presentations from these or any other meeting, use the filter on the left side of the Presentation page to select the meeting from the drop-down menu and set the year. Refine your search further by using the search box to look for specific topics or presenters.

You can also search for other content on AATS Online including surgical videos, images, guidelines, and discussions with experts.

Update Your AATS Profile
Check that the information in your aats.org profile is current to ensure that you are receiving AATS information that is most important to you. By updating your contact information and sharing your areas of interest, you will be able to optimize your use of AATS Online and receive relevant AATS news. While you are in your profile, you can upload a recent photo, view your AATS activity, and more. To access your profile, log in using the “Sign In” or “My Account” link at the top of aats.org.

The AATS Foundation

Make Your End-of-Year Gift

Thank you to those who have demonstrated how committed you are to promoting excellence in thoracic and cardiovascular surgery for generations to come. As the end of the fiscal year quickly approaches, we challenge all to donate and underwrite the scholarship that advances the mission.

There are a variety of options for donors who want to ensure the future of cardiothoracic surgery, including direct gifts, donated honoraria and stock, planned gifts, and tribute/memorial gifts. There are also opportunities to start a program in honor of a mentor or fund a named award that will support a surgical investigator.

The matching grant issued by the AATS remains active up to a total of $250,000. Every individual one-time gift of $2,500 or more will be doubled, making each dollar you contribute twice as valuable.

Learn more about the various ways to make a gift on aatsfoundation.org.

The AATS Foundation Fall Award Cycle is currently accepting applications. From research support to surgical mentorship opportunities, be sure to review the available programs at aatsfoundation.org.
