The American Association for Thoracic Surgery

View Updated Content on AATS Online
You can now view presentations from the 2020 International Thoracic Surgical Oncology Summit and 2020 Surgical Treatment for Arrhythmias and Rhythm Disorders on AATS Online. Access any of the presentations from the two-day meeting via the button below or go to AATS Online in the top navigation menu on the AATS Web site and select on Presentations from the drop-down menu. You will be prompted to log in and can use the available links if you do not know your user name and password.
To see the presentations from these or any other meeting, use the filter on the left side of the Presentation page to select the meeting from the drop-down menu and set the year. Refine your search further by using the search box to look for specific topics or presenters.
You can also search for other content on AATS Online including surgical videos, images, guidelines, and discussions with experts.

Update Your AATS Profile
Check that the information in your aats.org profile is current to ensure that you are receiving AATS information that is most important to you. By updating your contact information and sharing your areas of interest, you will be able to optimize your use of AATS Online and receive relevant AATS news. While you are in your profile, you can upload a recent photo, view your AATS activity, and more. To access your profile, log in using the “Sign In” or “My Account” link at the top of aats.org.

The AATS Foundation
Make Your End-of-Year Gift
Thank you to those who have shown that you understand the importance of giving generously to support the next generation of thoracic and cardiovascular surgeons. If you have not yet contributed, please consider making a gift at this time.

It is vital to fund the critical programs that foster careers and develop leaders. AATS Foundation remains committed to advancing the specialty by funding deserving individuals from varying backgrounds to substantially enhance their career and, ultimately, advance patient care.

Donors like you will be funding programs that promote excellence for generations to come. Individual contributions remain the most important funding source and allow the Foundation to maintain the status of a leading cardiothoracic charitable organization.

Donate today at aatsfoundation.org.
As the Foundation ends another successful year of programming, there are many reasons to be thankful this holiday season, and the main reason is you. From the support of generous donors, to the dedication of AATS mentors and host institutions, to the enthusiasm of award recipients, on behalf of AATS Foundation leadership and staff, heartfelt appreciation is extended. Thank you for making this work possible and for your commitment to supporting the future of thoracic and cardiovascular surgery.
